

Benefits to your church:

- Members work together in a short-term project to spread the gospel in your community to a hard to reach and special group.
- Churches in your community work in cooperation.
- Increase or create a positive connection between your church(es) and the law enforcement community.

Steps to success:

1. **Order a \$15 start-up kit.** (Kit includes one book, 50 bulletin inserts, one wristband, link to downloadable video).
2. **Find coordinator.** (Suggestions include retired (or active) law enforcement officers, a police chaplain, someone who has a heart to reach police officers.)
3. **Select agency(ies) you would like to provide with books.** (Here are some suggestions: state police; city police, sheriff's office, college/university/school police, transit authority, game warden, federal agency such as border patrol, FBI, Drug Enforcement Agency (DEA).
4. **Contact the agency you would like to provide books for. Let the agency know your church(es) would like to pray for and provide a gift for each officer. Find out how many books you need.**
5. **Multiply the number of books needed by \$10.** (This is how much money you will need to raise.)
6. **Print information flyers and ensure video is ready to show at a worship service or event.**
7. **Present project to church(es) in your community to generate support.** (Be sure you let them know which agency(ies) you are providing books for and how much money you're trying to raise.)
8. **Collect the donations.** (Checks should be made out to a church and the church will order books.)
9. **Determine how you will present the books to the officers.**
 - a. In bulk to be distributed by the agency (Books shipped straight to law enforcement agency. Ensure the agency knows to expect them!).
 - b. Individually wrapped with officer's name and delivered by church(es).
 - c. Insert a "Thank You" card inserted in each book from your church(es).
 - d. Present on a special occasion (Christmas, Thanksgiving, Law Enforcement Memorial week in May, anniversary of 9/11).
10. **Order books.** (You indicate the shipping location.)
11. **Deliver books.** (If you choose to deliver the books yourself.)

Think big:

- Set a goal to reach every officer in your city, county, or state.
- Don't forget military, school, university, and federal agencies.
